- Lockable door

PRODUCT OVERVIEW

D-Home series racks are designed to accommodate the Hub of a modern home automation solution. This product combines both the main patch cabling field as well as active equipment used within a Home/Residential network.

D-Home rack has the space and mounting points for an ISP router (compatible with all major providers), Network Switch, CATV splitter along with main patch cabling fields to distribute all these services and more throughout the residence.

Flexible mounting rail system allows you to change mounting place of the rails for 10" or 19" device installations. It is easy as just to mount right mounting rail to middle for 10" installations or mount to right side of the panel for 19" installations. Mounting rail choices 4U, 6U or 8U heights.

D-Home rack series available with 600mm, 800mm or 1000mm heights, depending to your needs.
